

Down early -  
a pool of moonlight  
on the floor

Winter moon -  
so young  
and yet so wise

Full moon -  
reflection  
of perfection

Our ways have parted  
but we shall sleep for ever  
under the same moon

The moon is clean  
& washed -  
first pot of tea

Enough!  
The exhausted moon  
finally went to bed

An ice-cube  
melting in the blue -  
summer moon
